

SDCI/STCI PI meeting
January 28/29 2010

Ewa Deelman and Miron Livny

Workshop Goals

- ▶ Bring together the Principle Investigators of the leading cyberinfrastructure projects
- ▶ Foster collaboration among our projects
- ▶ Discuss issues relevant to the community as we move into the future
- ▶ Learn about/from SDCI/STCI successes/failures of sunseting projects (27 SDCIs, 3 STCIs)
- ▶ Influence the newly funded projects (25 STCIs in 2009)
- ▶ Reimburse participants

Reimbursements

- ▶ Contact Kathy Thompson (kathyt@isi.edu)
- ▶ STCI PIs (that are not SDCI PIs) and invited panelists will be reimbursed for travel after the meeting
- ▶ Covered expenses:
 - ▶ Airfare or car mileage (& gas)
 - ▶ Hotel
 - ▶ Meals not covered by the meeting
 - ▶ Local transportation
- ▶ Need to fill out paperwork and mail to Kathy (envelopes and forms at registration)
- ▶ Maximum allowable **\$1,200**, if attended B&T workshop additional **\$375** is covered.

Meeting Themes

- ▶ Understanding the needs of today's Observatories and large-scale projects
- ▶ Sharing experiences in building quality software and services
- ▶ Sustaining the software capabilities in the long term
 - ▶ New report from the Software Sustainability Workshop in Indianapolis '09
- ▶ Fostering collaboration and providing incentives for collaboration and cyberinfrastructure development as a career
 - ▶ Poster session
 - ▶ Discussion Friday

Workshop outcomes

- ▶ Website
- ▶ Project pointers
- ▶ 1-2-pagers describing projects
- ▶ Workshop report
- ▶ Possible journal publication
 - ▶ Please volunteer
- ▶ Updating NSF on OCI projects progress
- ▶ A stronger community ?
