

Panel on the needs for middleware in large-scale Observatories and Projects

▶ **Panelists:**

- ▶ Duncan Brown, Laser Interferometer Gravitational-Wave Observatory (LIGO)
- ▶ Yi Chao, Ocean Observatory Initiative (OOI)
- ▶ Rudolf Eigenmann, George E. Brown, Jr. Network for Earthquake Engineering Simulation (NEES)
- ▶ William Michener, Data Observation Network for Earth (DataOne)
- ▶ Dan Stanzione , IPlant Collaborative
- ▶ Frank Wuerthwein (CMS)—could not make it

▶ **Panel questions:**

- ▶ Describe the project
 - ▶ What is the cyberinfrastructure for your project (current or planned), what does it include and why is it important to your project?
 - ▶ What is your single most important cyberinfrastructure challenge/wish?
 - ▶ How do you commission and deploy new cyberinfrastructure tools?
 - ▶ What has been so far your biggest cyberinfrastructure failure/disappointment if any?
-
